One Stop Kitchens LTD provide refurbishment to commercial kitchens, and also offer repairs and maintenance to kitchen equipment.

Management Accounts for March 2025 report a turnover of £2.9 Million and profit of £600,000.

The company have recently been acquired by new Directorship as of July 2025, and are looking for funding as the business looks to acquire a number of new contracts in the care home sector. The new Director has a number of contacts in this sector and is looking to use them to continue to grow the business.

When he purchased the business he acquired the existing contracts so this work will be in addition to the current reported turnover and profit in the business.

To be able to meet this demand the company are looking for investment for several purposes:

Recruitment, hiring and training of new staff
Purchase of vehicles and equipment for new staff
Purchase of materials to continue to service these new contracts

Please note: the previous Director Mr. Darius Master is the process of being removed from Companies House and is no longer involved in the running of the business.
